MUSKAN RAJPOOT

Delhi || +918815263927 || muskanrajput31737@gmail.com

SUMMARY

Skilled Software Developer with expertise in full-stack development and project management. Proven track record of delivering high-quality software solutions and leading collaborative teams. Seeking a role to leverage technical skills and drive innovation in software engineering.

WORK EXPERIENCE - FRESHER

Frontend -Developer(Numeric-Info-System.pvt,(Gwalior))   Aug-2023-Dec-23

- Implemented cost-effective solutions, resulting in a 20% reduction in project expenses.
- Streamlined project workflows, enhancing overall efficiency by 25%.
- Led a team in successfully delivering a complex engineering project on time and within allocated budget.

E-Commerce

- Experienced Front-End Developer specializing in e-commerce solutions using React.js and Material-UI (MUI). Proven success in implementing cost-effective solutions with a 20% reduction in project expenses. Expert in streamlining workflows to enhance efficiency by 25%. Adept at leading teams to deliver complex projects on time and within budget. Skilled in creating responsive, user-friendly interfaces that drive engagement and improve user experience.

Tic-Tac-Toe Game

A classic Tic-Tac-Toe game built using React.js, designed to provide a fun and interactive gaming experience. This game showcases the use of React components, state management, and event handling.

Technical Details

- React.js: Utilizes React components to create a modular and maintainable codebase. State management is handled efficiently using React's built-in hooks.
- Material-UI (MUI): Implements MUI components for a modern and consistent look and feel. The layout is responsive, adapting to different screen sizes seamlessly.

EDUCATION

Bachelor of Techology   Sep 2020 - June 2024

Shri Ram Institute Of information Technology
- Computer Science Engineering.
- Thesis on "Innovations in Sustainable Engineering Practices".   CGPA:8.29

Higher Secondary School   Jul 2019 - Feb 2020

Bright Convent Higher Secondary School
- Science   65%

ADDITIONAL INFORMATION

- **Technical Skills:** C++, Java-script,HTML,CSS,React Js,Networking
- **Languages:** English,Hindi
- **Certifications:** Udemy Java-Script Certificate , Udemy React Js Certificate
- **Awards/Activities:** Participate in hackathon.
